

Newly Formed Nebraska FAN Committee Conducts Meeting

The newly formed Nebraska Family Advisory Network (FAN) Committee met on Saturday, October 20, in Grand Island, NE. Each committee member has a story to tell and a passion for their commitment to reducing injuries and illnesses to the children in their communities. Donna Downs who has served as the Nebraska FAN representative for several years now and sits on the Nebraska EMS for Children Advisory Committee will chair the committee. Members will meet four times a year with two of the meetings being face-to-face. The committee's primary focus is to work on family involvement and family-centered care strategies, as well as how to tell your family's story to improve pediatric emergency care.
